

# earthly elements

Quality engineered with a cross-grain construction for maximum strength and dimensional stability compared to solid wood flooring. Premium northern grown wood species are used for top ply surface and 100% hardwoods for the inner plies. Northern hardwoods are used for the top ply because they produce a tighter grain, exceptional strength and long term durability.

Quantum Guard™ HP is an 8-Step finish featuring aluminum oxide particles suspended in urethane and UV cured. Limited 5 Year Quantum Guard™ HP Finish Warranty.

Earthly Elements wood tiles are available in 12" X 12" squares, as well as 12" X 24" rectangles with removable, non-continuous plastic splines offering flexibility for endless creative possibilities.

- Engineered hardwood flooring utilizes more of each log than solid wood flooring and a variety of hardwood species are used for the inner plies which reduces forest waste.
- Logs are rotary peeled on a lathe using a knife instead of a saw blade eliminating the kerf or sawdust waste.
- Our hardwood veneer layers are bonded with a water-based and solvent free adhesive.
- We use our mill wood waste as fuel for creating process steam to heat logs, dry the veneer, and heat buildings.
- Mannington engineered hardwood floors are low emitting. Technology improvements allow us to use solvent free components and finishes. This product is Phase II compliant to CARB (California Air Resources Board) formaldehyde requirements.
- All components of Quantum Guard™ HP are made with 100% solids and contain no VOC's.
- Installation adhesives comply with strict state and federal VOC regulations and contain no chlorinated solvents or ozone depleting chemicals. Adhesives meet VOC content limit of SCAQMD Rule #1168 and may contribute to LEED IEQ Credit 4.1.

Earthy Elements is a revolutionary  
engineered hardwood with unparalleled  
flexibility using squares and rectangles  
inspired by the wood grains of Hickory  
and Oak.

colors / sizes shown: EBONY 12" x 24", PEARL 12" x 12"

color / sizes shown: GRAPHITE 12" x 24" and 12" x 12"

color / size shown: ROOT 12" x 12"

colors / size shown: SMOKE 12" x 12" , EARTH 12" x 12"

color / size shown: EMBER 12" x 24"

colors / size shown: EARTH 12" x 24" , SUNSTONE 12" x 24"

## order codes

Earthy Elements Hardwood Collection		
Species	Color	Order Code
Rectangles 12" x 24"
