

SECTION 1 - CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: Wood Flooring
Chemical Name: Engineered wood plank flooring
Product Use/Class: Floor covering
Company Information: Mannington Mills, Inc.
P.O. Box 30, Rte. 45
75 Mannington Mills Road
Salem, New Jersey 08079
Phone: (856) 935-3000
Phone Numbers: Product Emergency: (866) 359-5602
Effective Date: June 21, 2004

SECTION 2 - COMPOSITION/INFORMATION ON INGREDIENTS

None per OSHA Standard 29 CFR 1910.1200 & SARA Title III, Section 313

SECTION 3 - HAZARDS IDENTIFICATION**EMERGENCY OVERVIEW**

Form: Solid. Wood plank flooring
Color: Natural tones
Odor: No appreciable odor

WARNING STATEMENTS

Wood dust (an OSHA listed carcinogen) may be generated while cutting, sanding, etc. Respiratory protection should be used if extensive cutting or machining is required.

POTENTIAL HEALTH EFFECTS**Likely Routes of Exposure:**

Eye contact: Not an expected route of exposure.
Skin contact: Some planks may have wood dust on them which may produce mild irritation upon skin contact. Ordinary good measures of personal hygiene will minimize exposure.
Inhalation: This item is a solid material. Be familiar with inhalation precautions for adhesives and while cutting product (dust may be generated while cutting).
Ingestion: Small amounts, if swallowed, are not expected to cause injury.
Chronic: No known chronic effects
Other: This product is a solid consumer good and is relatively non-toxic in intact form, presenting no known hazard to people except as noted under thermal decomposition by-products and under warning statements for dust.

Refer to Section 11 for toxicological information.

SECTION 4 - FIRST AID MEASURES

If in Eyes:	Flush with water, like any non-hazardous solid.
If on Skin:	If skin is irritated from handling product (transitory mechanical dermatitis), wash thoroughly with soap and water. Seek medical attention if condition persists.
If Inhaled:	Remove from dusty area and to fresh air. Seek medical assistance if adverse reactions occur.
If Swallowed:	None expected.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point:	Not available
Lower Explosive Limit (LEL) %:	Not available
Upper Explosive Limit (UEL) %:	Not available
Auto-Ignition Temperature:	Not available
OSHA Flammability Classification:	Not available
Hazardous Products of Combustion:	Protect self from combustion products and fumes.
Extinguishing Media:	Use water spray or other appropriate media for wood fire.
Unusual Fire and Explosion Hazards:	None
Fire Fighting Equipment:	Self-contained breathing apparatus and full protective clothing.
Miscellaneous Advice:	ASTM E-648 CRF value greater than 0.45 W/Square cm.

See Section 10.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal precautions:	This is a non-hazardous material in intact form. Take precautions not to breath generated dust.
Methods for clean-up:	Due to solid, inert properties, scrap pieces may be simply swept up and disposed of as a solid non-hazardous waste per local, state and federal regulations. See Section 13

Refer to Section 13 for disposal information.

Refer to sections 14 & 15 for reportable quantity information.

SECTION 7 - HANDLING AND STORAGE

Handling:

Install with adequate ventilation (based on the requirements of the installation adhesives). Wash thoroughly after handling and before eating, drinking and storage.

Storage:

See Mannington Professional Installation Guide for information on storage.

Consult the Mannington Professional Installation Guide for additional information on handling and storage.

SECTION 8 - EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls:	Install in well ventilated areas.
Respiratory Protection:	Not normally required. Protection may be required if excessive dust is generated or if adhesives or other installation chemicals so warrant.
Eye Protection:	Not normally required, unless adhesives or other installation chemicals so warrant.
Hand and Skin Protection:	Not normally required, unless adhesives or other installation chemicals so warrant.
Other Protective Equipment:	Not normally required, unless adhesives or other installation chemicals so warrant.

Hygienic Practices: Wash hands before eating, smoking, or using toilet facilities. Do not smoke in any chemical handling or storage area.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Wood plank flooring
Physical State: Wood laminated plank
Specific Gravity: nominal 0.6 (water = 1.0)
Odor: No appreciable odor

SECTION 10 - STABILITY AND REACTIVITY

Conditions to avoid: Stable
Materials to avoid: Stable
Stability: Stable
Hazardous reactions: Will not occur.
Hazardous Polymerization: Will not occur.
Hazardous Decomposition Products: Thermal decomposition in the presence of air may yield carbon dioxide and carbon monoxide and other irritating fumes.

SECTION 11 - TOXICOLOGICAL INFORMATION

Product LD50 (Oral): Not available
Product LD50 (Dermal): Not available
Product LC50: Not available
Immediate (Acute) Effects:
No known acute toxicological hazards.
Delayed (Subchronic & Chronic) Effects
No known Subchronic or chronic toxicological hazards.

SECTION 12 - ECOLOGICAL INFORMATION

No ecological impact study information is available on this product.

SECTION 13 - DISPOSAL CONSIDERATIONS

US EPA RCRA Status: N.A.
Disposal Considerations: N.A.
Disposal Method: N.A.
Miscellaneous: Dispose of as a non-hazardous solid in accordance with federal, state and local
Material may be suitable for chipping and mulch use.

SECTION 14 - TRANSPORT INFORMATION

The information provided in this section is for information only. Please apply the appropriate regulations to properly classify your shipment for transport.

DOT Proper Shipping Name: Not regulated.
DOT Hazard Class: Not regulated.
DOT UN/NA Number: Not regulated.
Packing Group: Not regulated.
Emergency Response Guide Number: Not regulated.
Other: Not regulated.

SECTION 15 - REGULATORY INFORMATION

U.S. Federal Regulations:	Not available
SARA Section 313:	Not available
Toxic Substances Control Act:	Not available
Inventory Status:	Not available
Export Notification:	Not available
Other:	None applicable.

SECTION 16 - OTHER INFORMATION

This material is a Finished Floor Covering product. Mannington provides a Product Safety Data Sheet for finished floor covering products

Product Safety Data Sheet's are provided for finished floor covering products based on the "article exemption" found in 29 CFR 1910.1200 (b) (6) (v). An article is defined as:

a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g. minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.

Per OSHA's Chemical Hazard Communication Standard (29 CFR 1910.1200), Mannington provides Material Safety Data Sheets (MSDS's) for all of our sundry products (adhesives, strippers, cleaners, etc.). You can get sundry MSDS's through your Distributor or by calling 1-800-FLOOR-US.

There is a wide variety of recommended work practices, installation techniques, and safe handling guidelines in Mannington's Professional Installation Guide. Guides are also available through your Distributor or by calling 1-800-FLOOR-US.

Because most floor installations required adhesives, it is recommended that the user review the manufacturers recommendations for adhesive spread rate, open time, proper ventilation, safe installation practices, etc. during installation.

Legend:

N.E.- Not Established	°F - Degrees Fahrenheit
N.A. - Not Available	°C - Degrees Centigrade
S - Skin	ppm - parts per million
C - Ceiling (Exposure Levels)	NIOSH - National Institute for Occupational Safety
PEL - Permissible Exposure Limits	ACGIH - American Conference of Government Industrial Hygienist
MSHA - Mine Safety and Health Adm	TLV - Exposure limits developed by ACCIH
TSCA - Toxic Substances Control Act	TWA - Time Weighted Average
CIH - Certified Industrial Hygienist	STEL - Short-Term Exposure Limit
NFPA - National Fire Protection Association	HAZCOM - Hazard Communication Standard (29CFR1910.1200)
OEL - Occupational Exposure Limit	
OSHA - Occupational Safety and Health Administration	
CERCLA - Comprehensive Environmental Response, Comprehensive and Liability Act	

DISCLAIMER
